Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Wednesday 07 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry and less cold today with some sunshine.

Today:
A cold, dry and frosty start to the morning, but plenty of early sunshine on offer. Turning cloudier by the afternoon, but remaining dry with bright or sunny intervals. Feeling less cold with lighter winds than of late. Maximum temperature 7 deg C (45 deg F).

Tonight:
Dry and chilly with clear spells this evening. Cloud and patchy rain moving eastwards across the region later in the night, perhaps preceded by some snow over high ground. Minimum temperature 0 deg C (32 deg F).

Thursday:
Breezy and rather cloudy at first on Thursday though feeling slightly milder. Some occasional rain; this mainly over hills. Brighter spells during the afternoon are likely across eastern areas. Maximum temperature 11 deg C (52 deg F).

Outlook for Friday to Sunday:
Colder, but sunnier conditions on Friday and Saturday with some wintry showers. Drier on Sunday though probably cloudier. Breezy around coasts. Widespread overnight frosts likely.
